We are

## Together, we're choosing health.

At Northeastern Vermont Regional Hospital, we're enhancing lives today and strengthening our communities for tomorrow. Our robust rural health system includes a 25-bed critical access hospital, multiple primary care clinics, specialty and surgical services, birth center, and a 24-hour, physician staffed emergency department. Our commitment to a lifetime of health and well-being extends beyond our hospital walls through community health initiatives aimed at keeping you and your loved ones healthy throughout life.

## Culture

Offering state-of-the-art technology, professionalism, expertise and a welcoming atmosphere, NVRH is one of the top places to work in the Northeast Kingdom. We're proud to offer our medical staff, employees and volunteers a supportive environment where they are respected, encouraged to grow in their professions and treated as part of a community.
